June 30, 2022

As one of the first families of environmentally responsible and diversified fossil fuel free mutual funds in U.S., Green Century<sup>o</sup> has been a leader in environmentally and socially responsible investing for 30 years.

Green Century offers investors the opportunity to make an unrivaled environmental impact with their investments. Our unique three-pronged approach features investments that avoid environmentally dangerous industries, a preeminent shareholder

advocacy program that pushes for more sustainable corporate practices, and one-of-a-kind support for environmental and public health organizations.

As the only mutual fund company in the U.S. founded and owned by nonprofit organizations, 100% of the profits Green Century Capital Management earns managing its Funds can be used to support the critical work of these organizations.

### Investment Objective:

The Green Century MSCI International Index Fund (the International Index Fund) seeks to achieve long-term total return which matches the performance of an index comprised of the stocks of foreign companies selected based on Environmental, Social, and Governance (ESG) criteria.

### Sustainable Investment Strategy:

The International Index Fund is the first diversified and responsible fossil fuel free international index fund available to U.S. investors. The Fund is comprised of the common stocks of approximately 200 companies in the MSCI World ex USA SRI Index, minus the stocks of fossil fuel companies.

### The Fund invests in:

Large- and mid-cap companies with outstanding ESG performance. A sustainable investment strategy which incorporates environmental, social, and governance criteria may result in lower or higher returns than an investment strategy that does not include such criteria.

Companies in approximately 22 developed markets, including Canada, Australia, Europe, and parts of Asia. It does not invest in companies in the U.S. or emerging market countries.

### The Fund excludes corporations that:

Explore for, extract, process, refine, and transmit coal, oil, and gas; burn fossil fuels to make electricity; or possess carbon reserves.

Produce nuclear energy, nuclear weapons, civilian firearms, military weapons, tobacco, GMOs (Genetically Modified Organisms), or alcohol; or are gambling enterprises.
