#### GREEN CENTURY FUNDS NOTES TO FINANCIAL STATEMENTS

#### **NOTE 1** — Organization and Significant Accounting Policies

Green Century Funds (the "Trust") is a Massachusetts business trust which offers three separate series, the Green Century Balanced Fund (the "Balanced Fund"), the Green Century Equity Fund (the "Equity Fund") and the Green Century MSCI International Index Fund (the "MSCI International Index Fund"), each a "Fund" and collectively, the "Funds". The Trust is registered under the Investment Company Act of 1940, as amended (the "Act"), as an open-end, diversified management investment company. The Trust accounts separately for the assets, liabilities and operations of each series. The Balanced Fund Investor Share Class commenced operations on March 18, 1992, the Balanced Fund Institutional Share Class commenced operations on November 30, 2020, the Equity Fund Individual Investor Share Class commenced operations on April 30, 2018, and the Individual Investor Share Class and Institutional Share Class of the MSCI International Index Fund commenced operations on September 30, 2016.

The preparation of financial statements in conformity with U.S. generally accepted accounting principles ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Each Fund is an investment company and accordingly follows the investment company accounting and reporting guidance of the Financial Accounting Standards Board (the "FASB") Accounting Standard Codification Topic 946 "Financial Services — Investment Companies".

The following is a summary of the Funds' significant accounting policies:

(A) Investment Valuation: Equity securities listed on U.S. national securities exchanges other than NASDAQ are valued at last sale price. If a last sale price is not available, securities listed on U.S. national exchanges other than NASDAQ are valued at the mean between the closing bid and closing ask prices. NASDAQ National Market® and SmallCapSM securities are valued at the NASDAQ Official Closing Price ("NOCP"). The NOCP is based on the last traded price if it falls within the concurrent best bid and ask prices and is normalized pursuant to NASDAQ's published procedures if it falls outside this range. If a NOCP is not available for any such security, the security is valued at the last sale price, or, if there have been no sales that day, at the mean between the closing bid and closing ask prices. Unlisted U.S. equity securities are valued at last sale price, or when last sale prices are not available, at the last quoted bid price. Debt securities (other than certificates of deposit and short-term obligations maturing in sixty days or less) are valued on the basis of valuations furnished by an independent pricing service which takes into account appropriate factors such as institution-size trading in similar groups of securities, yield, quality, coupon rate, maturity, type of issue, and other market data, without exclusive reliance on quoted prices, exchange or over-the-counter prices. Certificates of deposit are valued at cost plus accrued interest, and short-term obligations maturing in sixty days or less are valued at amortized cost, both of which approximate fair value. Securities, if any, for which there are no such valuations or quotations available, or for which the market quotation or valuation provided by a pricing service is deemed not reliable, are valued at fair value by management as determined in good faith under guidelines established by the Trustees. Effective September 8, 2022, pursuant to Rule 2a-5 under the 1940

Act, the Board of Trustees has designated Green Century Capital Management, Inc. ("GCCM") as a valuation designee (the "Valuation Designee") to determine the fair value, in good faith, of securities and other instruments for which no readily available market quotation exists. As Valuation Designee, GCCM is responsible for the supervision and implementation of the valuation process with respect to the Funds, subject to the Board's oversight. GCCM will, among other things, (1) assess and manage material risks associated with fair value determinations; (2) select, apply and test fair value methodologies; and (3) oversee and evaluate pricing services used.

For non-U.S. securities traded in foreign markets, the MSCI International Index Fund uses a fair value model developed by an independent pricing service to assist in valuing those securities. If an event occurs after the time at which the market for foreign securities held by the Fund closes but before the time that the Fund's next NAV is calculated, such event may cause the closing price on the foreign exchange to not represent the readily available reliable market value quotation for such securities at the time the Fund determines its NAV. In such a case, the Fund will use the fair value of such securities as determined under the Fund's valuation procedures. Events after the close of trading on a foreign market that could require a Fund to fair value some or all of its foreign securities include, among others, securities trading in the U.S. and other markets, corporate announcements, natural and other disasters, and political and other events. Among other elements of analysis in the determination of a security's fair value, the Board has authorized the use of one or more independent research services to assist with such determinations. An independent research service may use statistical analyses and quantitative models to help determine fair value as of the time the Fund calculates its NAV. There can be no assurance that such models accurately reflect the behavior of the applicable markets or the effect of the behavior of such markets on the fair value of securities, or that such markets will continue to behave in a fashion that is consistent with such models. Unlike the closing price of a security on an exchange, fair value determinations employ elements of judgment. Consequently, the fair value assigned to a security may not represent the actual value that the Fund could obtain if it were to sell the security at the time of the close of the NYSE. Pursuant to procedures adopted by the Board, the Fund is not obligated to use the fair valuations suggested by any research service, and valuation recommendations provided by such research services may be overridden if other events have occurred or if other fair valuations are determined in good faith to be more accurate. Unless an event is such that it causes the Fund to determine that the closing prices for one or more securities do not represent readily available reliable market value quotations at the time the Fund determines its NAV, events that occur between the time of the close of the foreign market on which they are traded and the close of regular trading on the NYSE will not be reflected in the Fund's NAV.

In accordance with U.S. GAAP, fair value is defined as the price that each Fund would receive to sell an investment or pay to transfer a liability in an orderly transaction with an independent buyer in the principal market, or in the absence of a principal market the most advantageous market for the investment or liability. Various inputs are used in determining the value of the Fund's investments. These inputs are summarized in the three broad levels listed below:

Level 1 — quoted prices for active markets for identical securities. An active market for the security is a market in which transactions occur with sufficient frequency and volume to provide pricing information on an ongoing basis. A quoted price in an active market provides the most reliable evidence of fair value.

Level 2 — other significant observable inputs (including quoted prices for similar securities, interest rates, prepayment speeds, credit risk, etc.). Examples of level 2 inputs include 1) quoted prices for identical or similar assets in markets that are not active 2) investments valued at amortized cost and 3) investments valued with inputs that are derived principally from or corroborated by observable market data. An adjustment to any observable input that is significant to the fair value may render the measurement a Level 3 measurement.

Level 3 — significant unobservable inputs, including the Funds' own assumptions in determining the fair value of investments.

In some cases, the inputs used to measure the fair value of an asset or a liability might be categorized within different levels of the fair value hierarchy. In those cases, the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement. The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities.

The following is a summary of the inputs used to value the Balanced Fund's net assets as of July 31, 2025:

|                        | LEVEL 1       | LEVEL 2       | LEVEL 3 | TOTAL         |  |
|------------------------|---------------|---------------|---------|---------------|--|

<sup>\*</sup> Other financial instruments are derivative instruments such as forward contracts. Forward contracts are valued at the unrealized appreciation (depreciation) on the instrument.

There were no transfers into or out of Level 3 during the reporting period.

(B) **Securities Transactions and Investment Income:** Securities transactions are recorded on a trade date basis. Realized gains and losses from securities transactions are determined using the identified cost basis. Interest income, including amortization of premiums and accretion of discounts on bonds, is recognized on the accrual basis and dividend income is recorded on ex-dividend date. Income, expenses and realized and unrealized gains and losses on investments are allocated to each class of shares in proportion to their relative shares outstanding.

- (C) Currency Translations and Contracts: Securities and other assets and liabilities denominated in foreign currencies are translated into U.S. dollar amounts on the date of valuation. Purchases and sales of securities, and income and expense items denominated in foreign currencies, are translated into U.S. dollar amounts on the respective dates of such transactions. Occasionally, events impact the availability or reliability of foreign exchange rates used to convert the U.S. dollar equivalent value. If such an event occurs, the foreign exchange rate will be valued at fair value using procedures established and approved by the Board of Trustees. The Funds do not separately report the effect of fluctuations in foreign exchange rates from changes in market prices on securities held. Such fluctuations are included with the net realized and unrealized gain or loss from investments. Realized foreign exchange gains or losses arise from sales of foreign currencies, currency gains or losses realized between the trade and settlement dates on securities transactions, and the difference between the recorded amounts of dividends, interest, and foreign withholding taxes and the U.S. dollar equivalent of the amounts actually received or paid. Net unrealized foreign exchange gains and losses arise from changes in fair value of assets and liabilities other than investments in securities held at the end of the reporting period, resulting from changes in exchange rates. When a Fund purchases or sells foreign securities, it enters into foreign exchange contracts to minimize foreign exchange risk from the trade date to the settlement date of the transactions. A foreign exchange contract is an agreement between two parties to exchange different currencies at an agreed-upon exchange rate on a specified date. The MSCI International Index Fund held open foreign currency spot contracts outstanding as of July 31, 2025 that are not considered investments. The MSCI International Index Fund held forward foreign currency exchange contracts ("Forward Contracts") as of July 31, 2025 displayed in the Portfolio of Investments.
  - Cash, including cash denominated in foreign currencies, represents cash on hand held at major financial institutions and is subject to credit risk to the extent the balance exceeds applicable Federal Deposit Insurance Corporation (FDIC) or Securities Investor Protection Corporation (SIPC) limitations.
- (D) **Distributions:** Distributions to shareholders are recorded on the ex-dividend date. The Funds declare and pay dividends of net investment income, if any, semi-annually and distribute net realized capital gains, if any, annually. The amount and character of income and net realized gains to be distributed are determined in accordance with Federal income tax rules and regulations, which may differ from U.S. GAAP. To the extent that these differences are attributable to permanent book and tax accounting differences, the components of net assets have been adjusted.
- (E) **Federal Taxes:** Each series of the Trust is treated as a separate entity for Federal income tax purposes. Each Fund's policy is to comply with the provisions of the Internal Revenue Code applicable to regulated investment companies ("RICs"). Accordingly, no provisions for Federal income or excise tax are necessary. U.S. GAAP requires that all entities, including pass-through entities such as the Funds, establish a minimum threshold for financial statement recognition of the benefit of positions taken in filing tax returns (including whether an entity is taxable in a particular jurisdiction). The Funds recognize tax benefits only if it is more likely than not that a tax position (including the Funds' assertion that their income is exempt from tax) will be sustained upon examination. The Funds had no material uncertain tax positions and have not recorded a liability for unrecognized tax benefits as of July 31, 2025. Also, the Funds had recognized no interest and penalties related to uncertain tax benefits through July 31, 2025. At July 31, 2025, the tax years 2022 through 2025 remain open to examination by the Internal Revenue Service.
- (F) **Redemption Fee:** A 2.00% redemption fee is retained by the Funds to offset the effect of transaction costs and other expenses associated with short-term investing. The fee is imposed on redemptions or exchanges of shares held 60 days or less from their purchase date. For the year ended July 31, 2025, the Balanced Fund, Equity Fund and MSCI International Index Fund received \$7,960, \$21,896, and \$17,911 respectively, in redemption fees. Redemption fees are recorded as an adjustment to paid-in capital.

- (G) **Indemnification:** The Funds' organizational documents provide that trustees and officers are indemnified against certain liabilities arising out of the performance of their duties to the Funds. In the normal course of business, the Funds may also enter into contracts that provide general indemnifications. The Funds' maximum exposure under these arrangements is unknown as this would be dependent on future claims that may be made against the Funds. The risk of material loss from such claims is considered remote. As of July 31, 2025, no liability has been accrued.
- (H) **Offsetting of Assets and Liabilities:** As of July 31, 2025, there are no master netting arrangements related to the Funds. The Funds' Statements of Assets and Liabilities present derivative instruments on a gross basis, if applicable. As of July 31, 2025, no derivative instruments with master netting arrangements were held by the Funds.

#### NOTE 2 — Transactions With Affiliates

- (A) **Investment Adviser:** GCCM is the adviser ("the Adviser") for the Funds. Green Century is owned by Paradigm Partners. Green Century oversees the portfolio management of the Funds on a day-to-day basis. Green Century's investment advisory fee paid by the Balanced Fund shall be equal on an annual basis to 0.65% of the average daily net assets of the Fund up to \$250 million and 0.60% of the value of the average daily net assets of the Fund in excess of \$250 million, accrued daily and paid monthly. The Equity Fund pays Green Century a fee, accrued daily and paid monthly, at an annual rate of 0.25% of the Equity Fund's average daily net assets up to but not including \$100 million, 0.22% of average daily net assets including \$100 million up to but not including \$500 million, 0.17% of average daily net assets including \$500 million up to but not including \$1 billion and 0.12% of average daily net assets equal to or in excess of \$1 billion. The MSCI International Index Fund pays Green Century a fee, accrued daily and paid monthly, at an annual rate of 0.28% of the MSCI International Index Fund's average daily net assets.
- (B) Subadvisers: Trillium Asset Management, LLC ("Trillium") is the subadviser for the Balanced Fund. Trillium's investment subadvisory fee with respect to the Fund shall be equal on an annual basis to 0.40% of the value of the average daily net assets of the Fund up to \$30 million, 0.35% of the value of the average daily net assets of the Fund in excess of \$30 million up to \$250 million, and 0.30% of the value of the average daily net assets of the Fund in excess of \$250 million. For the year ended July 31, 2025, Green Century accrued fees of \$1,314,591 to Trillium. Northern Trust Investments, Inc. ("Northern Trust") is the subadviser for the Equity Fund and MSCI International Index Fund. For the Equity Fund, Northern Trust is paid a fee by the Adviser based on Northern Trust's fee schedule of the greater of \$75,000 or 0.10% of the value of the average daily net assets of the Fund up to but not including \$50 million, 0.05% of the average daily net assets of the Fund from and including \$50 million up to but not including \$100 million and 0.03% of the average daily net assets of the Fund equal to or in excess of \$100 million for its services. For the MSCI International Index Fund, Northern Trust is paid a fee by the Adviser based on Northern Trust's fee schedule of the greater of \$100,000 or 0.17% of the value of the average daily net assets of the Fund up to but not including \$50 million, 0.12% of the average daily net assets of the Fund from and including \$50 million up to but not including \$100 million and 0.08% of the average daily net assets of the Fund equal to or in excess of \$100 million for its services. For the year ended July 31, 2025, Green Century accrued fees of \$247,549 and \$206,753 to Northern Trust for the Equity Fund and the MSCI International Index Fund, respectively.
- (C) Administrator: Green Century is the administrator ("the Administrator") of the Green Century Funds. Pursuant to the Administrative Services Agreement, Green Century pays all the expenses of each Fund other than the investment advisory fees; interest; taxes; brokerage costs and other capital expenses; expenses of non-interested trustees (including counsel fees) and any extraordinary expenses. The Balanced Fund pays

Green Century a fee at a rate such that immediately following any payment to the Administrator, the total operating expenses of the Fund, on an annual basis, do not exceed 1.48% of the Fund's Individual Investor Class average daily net assets up to and including \$250 million and 1.43% of the Fund's Institutional Class average daily net assets up to and including \$250 million, and 1.18% of the Fund's Institutional Class average daily net assets in excess of \$250 million. The Equity Fund pays Green Century a fee at a rate such that immediately following any payment to the Administrator, the total operating expenses of the Fund, on an annual basis, do not exceed 1.20% of the Fund's Individual Investor Class average daily net assets, and 0.90% of the Fund's Institutional Class average daily net assets. Prior to March 1, 2024, the Equity Fund paid Green Century a fee at a rate such that immediately following any payment to the Administrator, the total operating expenses of the Fund, on an annual basis, did not exceed 1.25% of the Fund's Individual Investor Class average daily net assets, and 0.95% of the Fund's Institutional Class average daily net assets. The MSCI International Index Fund pays Green Century a fee at a rate such that immediately following any payment to the Administrator, the total operating expenses of the Fund, on an annual basis, do not exceed 1.28% of the Fund's Individual Investor Class average daily net assets, and 0.98% of the Fund's Institutional Class average daily net assets.

- (D) **Subadministrator:** Pursuant to a Subadministrative and Fund Accounting Services Agreement with the Administrator, UMB Fund Services, Inc. ("UMBFS") as Subadministrator and Fund Accountant, is responsible for conducting fund accounting and certain day-to-day administration of the Trust subject to the supervision and direction of the Administrator. For the year ended July 31, 2025, Green Century accrued fees of \$259,987, \$401,804, and \$147,211 to UMBFS related to services performed on behalf of the Balanced Fund, the Equity Fund, and the MSCI International Index Fund, respectively.
- (E) **Index Agreements:** The Equity Fund invests in the securities of the companies included in the MSCI KLD 400 Social ex Fossil Fuels Index (the "KLD Index"). The Index is owned and maintained by MSCI ESG Research ("MSCI"). For the use of the KLD Index for the Equity Fund, MSCI is paid by the Adviser an annual license fee of \$29,745, plus the greater of \$26,000 or at an annual rate of 0.05% on the first \$100 million of average daily net assets, 0.04% on the next \$100 million of average daily net assets, and 0.03% on average daily net assets in excess of \$200 million. The MSCI International Index Fund invests in the securities included in the MSCI World ex USA SRI ex Fossil Fuels Index (the "World Index"). The Index is owned and maintained by MSCI. For the use of the World Index for the MSCI International Index Fund, MSCI is paid by the Adviser an annual license fee of \$30,870, plus the greater of \$25,000 or at an annual rate of 0.05% on the first \$100 million of average daily net assets, 0.04% on the next \$100 million of average daily net assets, and 0.03% on average daily net assets in excess of \$200 million. For the year ended July 31, 2025, Green Century accrued fees of \$262,294 and \$111,747 to MSCI for the Equity Fund and MSCI International Index Fund, respectively.

#### **NOTE 3** — Investment Transactions

For the year ended July 31, 2025, the Balanced Fund's cost of purchases and proceeds from sales of securities, other than short-term securities, aggregated \$87,613,395 and \$125,187,309 respectively. The Equity Fund's cost of purchases and proceeds from sales of securities, other than short-term securities, aggregated \$57,367,404 and \$94,933,576, respectively. The MSCI International Index Fund's cost of purchases and proceeds from sales of securities, other than short-term securities, aggregated \$35,765,059 and \$68,493,798, respectively.

#### **NOTE 4** — Federal Income Tax Information

The tax basis of the components of distributable net earnings (deficit) at July 31, 2025 were as follows:

|   | BAL | ANCED FUND                    | EQUITY FUND |                               | NCED FUND EQUITY FUND |                        | MS | CI INTERNATIONAL INDEX FUND |

#### Note 6 — Derivative and Hedging Disclosure

Derivatives and Hedging requires enhanced disclosures about the Funds' derivative and hedging activities, including how such activities are accounted for and their effects on the Funds' financial position and performance. The MSCI International Index Fund invested in forward foreign currency exchange contracts during the year ended July 31, 2025.

The effects of these derivative instruments on the Fund's financial position and financial performance as reflected in the Statements of Assets and Liabilities and Statements of Operations are presented in the tables below. The fair values of derivative instruments, as of July 31, 2025, by risk category are as follows:

#### **MSCI INTERNATIONAL INDEX**

|   | Asset Derivatives  |    |   | Liability Derivatives  |       |        |
|---|--|----|---|--|-------|--------|
| Derivatives designated as hedging instruments | Statements of Assets and Liabilities Value   |    | Statements of Assets<br>and Liabilities |  | Value |        |

The effects of derivative instruments on the Statements of Operations for the year ended July 31, 2025, are as follows:

#### MSCI INTERNATIONAL INDEX

| Amount of Realized Gain or (Loss) on Derivatives Recognized in the Statements of Operations |                          |
|---|--------------------------|
| Derivatives not designated as hedging instruments   | <b>Forward Contracts</b> |
| Foreign exchange contracts  | \$53,901                 |

#### MSCI INTERNATIONAL INDEX

| Change in Unrealized Appreciation (Depreciation) on Derivatives Recognized in the Statements of Operations |                   |  |  |  |
|--|-------------------|--|--|--|
| Derivatives not designated as hedging instruments  | Forward Contracts |  |  |  |
| Foreign exchange contracts   | \$ (32,032)       |  |  |  |

The average quarterly volume of derivative instruments held by the Funds during the year ended July 31, 2025 are as follows:

#### **MSCI INTERNATIONAL INDEX**

|                                     | <b>Forward Contracts</b> |
|-------------------------------------|--------------------------|
| Foreign exchange purchase contracts |                          |

#### **NOTE 7** — Segment Reporting

Operating segments are components of an entity that engage in business activities, have discrete financial information available, and have their operating results regularly reviewed by a chief operating decision maker ("CODM") when assessing segment performance and making decisions about segment resources. Officers of the Advisor act as the Funds' CODM. The Funds' operations are managed to a single investment objective, as detailed in its prospectus, through the execution of the Funds' investment strategies. The Funds' portfolio composition, total returns, expense ratios and changes in net assets used by the CODM to assess segment performance and make resource allocations are consistent with the information presented within the Funds' Financial Statements. The accompanying Financial Statements detail the Funds' segment assets, liabilities, income, and expenses.

The accounting policies of the segment are the same as those described in the summary of significant accounting policies. The financial statements include all details of the segment assets, segment revenue and expenses; and reflect the financial results of the segment.

#### NOTE 8 — Market Disruption and Geopolitical Risks

Certain local, regional or global events such as war (including Russia's invasion of Ukraine and the Israel-Hamas war), acts of terrorism, the spread of infectious illnesses and/or other public health issues, or other events may have a significant impact on a security or instrument. These types of events and others like them are collectively referred to as "Market Disruptions and Geopolitical Risks" and they may have adverse impacts on the worldwide economy, as well as the economies of individual countries, the financial health of individual companies and the market in general in significant and unforeseen ways. Some of the impacts noted in recent times include but are not limited to embargos, political actions, supply chain disruptions, restrictions to investment and/or monetary movement including the forced selling of securities or the inability to participate in impacted markets. The duration of these events could adversely

affect the Fund's performance, the performance of the securities in which the Fund invests and may lead to losses on your investment. The ultimate impact of Market Disruption and Geopolitical Risks on the financial performance of the Fund's investments is not reasonably estimable at this time. Management is actively monitoring these events.

Recently, the United States has enacted or proposed to enact significant new tariffs, and various federal agencies have been directed to further evaluate key aspects of U.S. trade policy, which could potentially lead to significant changes to current policies, treaties, and tariffs. There continues to exist significant uncertainty about the future relationship between the U.S. and other countries with respect to such trade policies, treaties and tariffs. These developments, or the perception that any of them could occur, may have a material adverse effect on global trade, in particular, trade between the impacted nations and the U.S.; global financial markets' stability; and global economic conditions. These events could, in turn, adversely affect the Fund's overall performance.

#### **NOTE 9** — Subsequent Events

Subsequent to July 31, 2025 and through the date on which the financial statements were available for issuance, management has evaluated subsequent events requiring disclosure.

There were no other events requiring accrual or disclosure.

#### REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

KPMG LLP Two Financial Center 60 South Street Boston, MA 02111

To the Shareholders and Board of Trustees Green Century Funds:

Opinion on the Financial Statements

We have audited the accompanying statements of assets and liabilities of Green Century Balanced Fund, Green Century Equity Fund, and Green Century MSCI International Index Fund (the Funds), three of the Funds comprising Green Century Funds, including the portfolios of investments, as of July 31, 2025, the related statements of operations for the year then ended, the statements of changes in net assets for each of the years in the two-year period then ended, and the related notes (collectively, the financial statements) and the financial highlights for each of the years or periods in the five-year period then ended. In our opinion, the financial statements and financial highlights present fairly, in all material respects, the financial position of the Funds as of July 31, 2025, the results of their operations for the year then ended, the changes in their net assets for each of the years in the two-year period then ended, and the financial highlights for each of the years or periods in the five-year period then ended, in conformity with U.S. generally accepted accounting principles.

#### Basis for Opinion

These financial statements and financial highlights are the responsibility of the Funds' management. Our responsibility is to express an opinion on these financial statements and financial highlights based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Funds in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement, whether due to error or fraud. Our audits included performing procedures to assess the risks of material misstatement of the financial statements and financial highlights, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements and financial highlights. Such procedures also included confirmation of securities owned as of July 31, 2025, by correspondence with custodians and brokers; when replies were not received from brokers, we performed other auditing procedures. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements and financial highlights. We believe that our audits provide a reasonable basis for our opinion.

We have served as the auditor of one or more Green Century investment companies since 1995.

Boston, Massachusetts September 17, 2025

> KPMG LLP, a Delaware limited liability partnership and a member firm of the KPMG global organization of independent member firms affiliated with KPMG International Limited, a private English company limited by guarantee.

For the year ended July 31, 2025, the Balanced Fund, Equity Fund and MSCI International Fund, respectively, had 48.71%, 100% and 100% of dividends paid from net investment income, designated as qualified dividend income.

#### GREEN CENTURY FUNDS TRUSTEES AND OFFICERS

The following table presents information about each Trustee and each Officer of the Trust as of July 31, 2025. Each Trustee and each Officer of the Trust noted as an "interested person" (as defined in the 1940 Act), and noted with an asterisk, is interested by virtue of his or her position with Green Century as described below. The Trust does not hold annual shareholder meetings for the purpose of electing Trustees, and Trustees are not elected for fixed terms. This means that each Trustee will be elected to hold office until his or her successor is elected or until he or she retires, resigns, dies, or is removed from office.

The Trust's Registration Statement includes additional information about the Trustees and is available, without charge, upon request by calling the following toll-free number: 1-800-93-GREEN.
